

HOW TO SAVE OUR PLANET STEP 1

GLOBAL YOUTH & NEWS MEDIA

# EARTH DAY 2023

On the occasion of **EARTH DAY** on April 22, 2023, **Junior Lens** has collaborated with Paris-based NGO **Global Youth and News Media** for their global campaign called **#HowToSaveOurPlanetStep1**. Climate change is having an adverse impact on planet Earth, and we want our children to contribute to creating awareness about the importance of safeguarding our planet. We invited our young readers to send in their entries with suggestions on how to save Planet Earth. Please see the selected entries from our young readers!

## How To Save Our Planet Letter from mother to her child

Hey Dear child,

Embrace and cherish me. Plant trees to nurture me and protect wildlife for my contentment. Clean my body from pollution and grow greeneries on them.

PROTECT ME

Your loving mother, Earth

Through messenger.

Archita Paliwal, 16 years
